

Thank You
for inviting us into your home

This is Kitchen Magic

Kitchen Magic is a family owned company, founded in 1979, now in the second generation. From our beginnings with a single carpenter in Allentown, Pennsylvania, Kitchen Magic has expanded to 7 states throughout the Northeast and completed nearly 60,000 kitchens.

Our unparalleled satisfaction rate, expressed by our customers, tells our success story. Constant innovation and a passion to delight our customers have built Kitchen Magic's reputation for superior service and quality.

We aim to exceed your expectations

The Kitchen Magic Family

Thank you so much for the opportunity to visit with you.

We are very aware that many companies, especially in the home improvement industry, make lots of (often empty) promises.

So yes, I suppose we do overcompensate for the shortcomings of others. It's our passion to remain completely unique and continue to distance ourselves from the pack by always working to improve and to delight our customers by over-delivering.

Doing what we've promised sounds simple, but to achieve that end, a spectacular team of industry professionals work behind the scenes executing hundreds of details.

As you move forward with your decision, please feel free to contact us with any questions at all.

Thank you again.

Warm Regards,

A handwritten signature in black ink, appearing to read "Brett W. Bacho". The signature is fluid and cursive, with a large, stylized initial "B".

Brett Bacho, President
